

Safety is an Attitude

Safety is not something you can take or leave alone;
It is not an activity to be engaged in only when one is being watched or supervised.

Safety is not strictly a poster, a slogan or a rule;
Nor is it a once-in-a-while movie, or meeting, investigation or inspection.

Safety is an attitude, a frame of mind.

It is the awareness of one's environment and actions all day every day.

Safety is knowing what is going on, knowing what can injure or damage, knowing how to prevent the injury or damage and acting to prevent it.

All it requires is intelligence and a reasonable amount of natural ability to see, hear, smell and think.

To do things safely and correctly is the mark of a wise, not a timid person.

To ignore safe practices is not an indication of bravery but of stupidity.
